HCN: LEADERS IN INNOVATION

Health Choice Network, Inc. (HCN) is a national model of successful collaboration among health center controlled networks, community health centers and other health partners. HCN delivers cutting-edge health information technology and business services that enable participants to:

- Increase efficiencies
- Decrease costs
- Provide better and more accessible patient care

HCN is a not-for-profit organization governed by a board comprised of its members. Members provide care to approximately 800,000 patients in 10 states and play a vital role in improving the quality of life within the communities they serve.

HCN: LEADERS IN IMPLEMENTING MEANINGFUL USE

HCN is a recognized leader in implementing meaningful use-certified electronic health record (EHR), oral health record and behavioral health record systems. Through experience and expertise, HCN directs members to meaningful use of EHR systems as defined by the Office of the National Coordinator for Health Information Technology (HIT). HCN provides a full range of services, from training and hosting to disaster planning to a turnkey HIT department, enabling health care providers to improve the efficiency, quality and value of care. Patients benefit from:

- Faster service
- Reduced errors
- Safer transmission of information among labs, pharmacies, hospitals and physicians

HCN also utilizes state-of-the-art HIT systems to document, capture, analyze and leverage data, and improve the access to care in underserved communities.

HCN: LEADERS IN TECHNOLOGY

In partnership with companies such as BridgeFront, Henry Schein, Microsoft, Caradigm, Askesis and Vitera, HCN uses customized systems to maximize software performance to meet the unique needs of its members.

Our Pillars

Any strong organization is built on a firm foundation. We attribute Health Choice Network's success to our focus on 5 pillars:

- Service
- People
- Quality
- Growth
- Finance

Our Mission
